

SHAKEER SHAIK

Data Analyst | Business & Retention Analytics

☎ +91-6300741317 ✉ shakeershaik489@gmail.com 🌐 <https://www.linkedin.com/in/shakeer-shaik>

Summary

Data Analyst with experience analyzing large datasets using SQL, Python, Excel, and Power BI to identify retention trends, improve reporting automation, and resolve data quality issues. Skilled in statistical analysis, KPI reporting, and delivering actionable insights supporting stakeholder-driven business decisions.

Skills

Programming & Querying: SQL, Python

Data Visualization Tools: Advanced MS Excel, Power BI, Tableau, PowerPoint

Analytical Abilities: Data Cleaning, Data Quality Analysis, Exploratory Data Analysis (EDA), Insight Generation, Descriptive Statistics, Data Pipeline Improvement

Experience

Data Analyst Intern

Mar 2026 – Present

Unified Mentor (Remote)

Excel · SQL · Power BI · Python

- Analyzed **10,000+ customer records** using SQL and Excel, identifying inactive members with **2× higher churn probability** and improving retention-focused reporting strategies.
- Designed a **Relationship Strength Index (RSI) model using Python and statistical analysis** to standardize churn-risk evaluation across customer retention reporting.
- Identified **1,129 high-balance disengaged customers** through Power BI dashboards, enabling proactive retention monitoring and improved **stakeholder visibility into churn-risk segments**.

Power BI Intern

Feb 2026 – Mar 2026

Microsoft (Remote)

Power BI · DAX · Excel · EDA · Data Visualization

- Developed a **3-page interactive Power BI dashboard** analyzing **705 students across 30+ countries** using **KPI cards, charts, and slicers**.
- Evaluated **platform engagement trends identifying** Instagram with **1,213 sessions** and undergraduate addiction scores **2× higher than** high school students.

Software Engineer

Mar 2024 – Mar 2026

La Trandasys, Visakhapatnam

Java · XML · SQLite · REST APIs · Git · Android SDK

- Delivered **5+ Android applications** reaching **10,000–100,000 users** while utilizing SQLite databases and **REST APIs** for structured data integration workflows.

Projects

Customer Engagement & Retention Analytics | Python

Mar 2026 – Apr 2026

- * Built end-to-end EDA and RSI scoring pipeline on 10K banking records; **Live Dashboard**
- * Revealed that 38% of churned users were on monthly contracts with less than 3-month tenure—suggested early engagement strategies.

Product Line Profitability Analysis (Nassau Candy) | SQL, Python

Feb 2026 – Mar 2026

- * Margin intelligence system for 15 SKUs across 59 states; implemented Pareto analysis, geographic risk scoring, and auto-flagging engine for pricing/discontinuation decisions

Awards & Certifications

- **Google Data Analytics Certificate – Skillshop (2026):** Completed 8 practical case studies involving SQL, data cleaning, dashboards, and presentations.
- **Data Analytics Essentials - Cisco (2026)** Gained hands-on knowledge of **data collection, cleaning, analysis, and visualization** fundamentals using industry-standard tools and techniques.

Education

B.Tech in Computer Science & Engineering

Graduated: 2023

NBKR Institute of Science and Technology, Nellore

CGPA: 8.63 / 10
